

Privacy Policy of MidiSoft.pl

MidiSoft.pl is committed to protecting the privacy of its users. Below is the data protection statement, which contains information on the type and scope of personal data required to place an order using OrderSoft.

1. What does OrderSoft do?

OrderSoft software is used to place orders. OrderSoft does not make any changes to the user's computer, nor does it delete, save, copy any files, settings or data.

2. What data does OrderSoft collect?

OrderSoft collects information necessary to place an order: name, surname, email address, and serial number of your USB flash stick. The listed information is encrypted and sent electronically to MidiSoft.pl, whose registered office is located at: 62-510 Konin, Poland.

3. What are the data needed for and what happens to them?

The transmitted data is processed and used solely for the purpose of fulfilling the order of the product. MidiSoft.pl does not share the data or sell it to other entities, and only the owner of MidiSoft.pl has access to the data. The data is stored only in electronic form on an encrypted medium and is not stored in the cloud.

4. Can I delete my data?

Yes. The contractor can withdraw their consent to store data at any time with future effect (within 5 working days of the notification). The withdrawal of consent should be sent to the email address midisoft.pl@gmail.com.

During the order placement, you will be asked to consent to the above rules.
